

The Crompton Centre

Client:	Community Ventures
Project Value:	Part of £55million programme
Services Value:	£ 750,000
Location:	Harehills, Leeds
Main Contractor:	Miller Construction
Completion:	August 2010

Description of the Works:

The Project involved the design and installation of mechanical and electrical services to the new joint service centre. The Compton Centre provides a number of Council services including a new Customer Services One Stop, a new library, a new computer suite comprising 20 new computers with free internet access and free IT learning sessions and it also offers free-phone hotlines to the Council's Contact Centre and internet-based self-service facilities will also be available. NHS Leeds will also be using the centre to run Community Mental Health service appointments, benefiting those living in the local community.
